"Finale"- Full Cast

THANK YOU to all of the parents, students, Administrators and fellow directors who gave their time and talents to this huge undertaking. Many, many long hours were sacrificed to make this beautiful production! Costumes, set pieces, props and lights along with the talents of the students made this larger than life show the spectacle that it is! We might have gone overtime, a time or 2 or 20. But the hard work and dedication of so many made my job so much easier. We did have some weather mishaps and some scheduling issues (and yes we even had to evacuate the building one time)- but that didn't stop this cast and crew and a whole brigade of behind the scene helpers from working to put this show on. I guess you could say this show was a "beast" to put on, but it definitely became a "beauty"! I am so proud of the students who tried something new. Who fought to break out of their comfort zone. Who learned to dance and project. Who learned how to work the lights and sound. Who shared a stage with the little ones. Who stepped in and supported cast members who were struggling. It really does take a village to put on the MS Musical. And I am so very lucky for the support and love of so many who put up with my crazy costume whims. Thank you to all from the bottom of my heart! And as the broom would say, "This show is going to sweep you away!"

Peace, Lorra
